Dear Parent/Carer,

### RE: Online Learning Provision

Your child's class teacher has been updating the class page with daily learning aligned to our current curriculum offer for the past week. From Monday 11th, we will be moving to teacher-led live online learning. Before the Christmas break, we sent out a pack containing a blank English & maths book and a letter with instructions and passwords to access TEAMS online. I have also attached further guidance for accessing TEAMS on laptops/tablets/phones and X-box & PlayStation.

The staff have been working exceptionally hard this week to ensure that everything is ready. We are passionate about being able to offer the best provision for children within our school community. This way of teaching & learning is new to both teachers and families. As with anything new, it may take a little while to get used to the system. Please be reassured that we are here to help. You can contact the school office or email the class teacher directly if you require any further support.

Timetables will be available on your child's class page. I have also copied them at the end of the letter for your information.

We are looking forward to taking our first steps together for online live learning and are looking forward to seeing everyone on Monday.

Yours faithfully,

Adam Ames  
Headteacher  
Crudgington Primary School
