JUNE 2023

HEADTEACHER'S MESSAGE

It has been a great few weeks back since the half-term with many events happening in and around school. The summer fayre took place on Saturday 10th of June and was exceptionally successful. We had a wide range of activities and stalls running, including splat the teacher! We were fortunate with the weather enjoying sunshine and warm temperatures throughout the event. As ever, I would like to pass on my thanks to the Friends' Association and to all the parents who supported us during the day. The event raised an incredible £2,280. As part of this total, we also received a kind donation of £100 from the Waters Upton Store.

Last Monday was Anglo-Saxon Day for Key Stage Two where our children learned about archaeology, runes, religion as well as investigating Anglo-Saxon artefacts. The children really enjoyed the day.

On June 15th we were lucky enough to have a visit from the Author Sarah Griffiths, who shared her latest book with the children and then answered lots of questions. This was a really informative morning. A huge thank you to Mrs Bates who provided this opportunity for the school and our children.

Last week our school was presented with the LCT attendance shield during the Friday assembly. We won the shield for finishing top of the primary school attendance league. This is a fantastic achievement as the league was a very popular and well contested event. This award really reflects the work of our children and parents in ensuring high levels of school attendance. The shield is on display in our trophy cabinet in the main reception.

We still have many exciting activities planned before the end of term including: careers day, sports day, transition sessions and the film reward afternoon for winning the attendance league.

Best regards,

Adam Ames

BENCH DONATION

The school recently received a donation of three benches from Shropshire Homes. They will be placed throughout the KS1 & KS2 areas and will provide some much needed outdoor seating. They will be especially useful during the summer term.

SUPER SAFEGUARDING SQUAD

The Super Safeguarding Squad has been hard at work for several weeks producing information leaflets for children and families. These leaflets cover apps such as Instagram, TikTok and WhatsApp and showcase some of the online dangers that may present in their use. They will be releasing the leaflets through the Dojo Platform and making them available in the school entrance hall.

They have worked really hard on these and it has been pleasing to see their passion for online safety through their role in the Safeguarding Squad.
